Red Tees <sup>1</sup>																				64.4/111/72	
Hole:	1	2	3	4	5	6	7	8	9	Out	10	11	12	13	14	15	16	17	18	In	Tot
Par:	4	4	5	3	4	3	4	4	5	36	4	4	4	3	4	5	3	4	5	36	72
SI:	5	17	11	6	14	13	10	18	7		1	8	9	12	16	15	4	2	3		

## Notes:

- 1 Stroke Indexes (SI) based on direct ranking of *hole difficulty* obtained by averaging NCGA hole ratings for scratch and bogey golfers.
- 2 Stroke Indexes based on direct ranking of *hole difficulty* for the average of over 10,000 CSGC tournament rounds on the White tees since 2008 (when records were first retained).
- 3 Stroke Indexes based on direct ranking of *hole difficulty* for the average of over 3000 CSGC tournament rounds on the Yellow tees since 2011 (when mixed-tee competitions began).

*Hole difficulty* is an average hole-score (estimated, or based on actual scores) relative to par. In these tables, match play constraints, such as placing odd numbered stroke indexes on one side and even values on the other, avoiding low stroke indexes near the end of a side, triad balancing, etc., have been ignored.
